

📍 NEWCASTLE (U.K.)

Nasser Alazzawi is one of the first promoter DJs in the U.K. to bring **regular daytime electronic music events** to clubs and outdoor spaces in his hometown, Newcastle upon Tyne (U.K.). Celebrating it's 5<sup>th</sup> birthday this year, *PROGRESS:ON*, has uncovered a niche of people who want to party in the day and remain ready to take on tomorrow. Nasser's event was born from moving into a house where he could throw house parties with loud sound systems, and they attracted so many people it had to go public.

Promoters book Nasser because **his sound is unique**, it doesn't belong in one scene and he **positively contributes** to promoting the event he is booked for. When he's in control he feels the room's energy and exchanges it with the people around him - whether it's a **long paced tribal warm up** or the time is right to reach for **driving highs** of his personally curated **house & techno** collection.

Nasser's personal taste is inspired by the connections he made with strangers on the dancefloor when a special moment is felt together – which he believes is only achieved with phones away so **we are present with one another**.

In 2024 Nasser has relocated from Cyprus back to his hometown in Newcastle. During lockdown his live stream series "*Melodicast*" grew into an exciting gathering of music lovers on Youtube, and when events opened up this became a sun-kissed 3 year DJ career across the beach bar, nightclub and festival events based along the Mediterranean coastline, which has further curated his style today.

Now at **Worldheadquarters**, **TheCut** and **Archie's Lab**, underground house & techno powerhouses such as *Anthony Pappa (SELADOR)*, *Scott Bradford (Shindig)*, *Richard Tulip (PROMISE)* and *Lexicon Avenue (FORENSIC RECORDS)* have enjoyed brilliant *PROGRESS:ON* events with people from all ages that people continue to talk about.

To let people re-live special moments **he records all of his public sets** on Youtube and Soundcloud.
